Beat Kunz of Portas Capital AG joins gobal elite with Wealthbriefing Swiss EAM Award

Leading wealth management industry participant, **Portas Capital AG,** has joined the ranks of an elite global group who have been handed the honour of winning a WealthBriefing Award.

Beat Kunz of Portas Capital AG were awarded **"Chief Investment Officer (CIO)" at the Third Annual WealthBriefing Swiss EAM Awards 2023.**

Showcasing "best of breed" in the Swiss region, the awards have been designed to recognize outstanding organizations grouped by specialism and geography which the prestigious panel of independent judges deemed to have "demonstrated innovation and excellence during the last year".

Each of these categories is highly contested and is subject to a rigorous process before the ultimate winner is selected by the judges. It is this process that makes WealthBriefing awards so prized amongst winners.

The WealthBriefring Swiss Awards are part of a global program run by WealthBriefing and its sister publications WealthBriefingAsia and Family Wealth Report, encompassing all of the world's major wealth management centres.

Participants around the world recognize that winning awards is particularly important in these challenging times as it gives clients reassurance in the solidity and sustainability of the winner's business and operating model.

Beat Kunz from Portas Capital: "Our generated risk-adjusted returns over the last years encourage us to continue with our investment strategy. Based on our investment philosophy we combine the protection of our clients' assets in difficult times with achieving good returns under normalized conditions."

ClearView Financial Media's CEO, and Publisher of WealthBriefing, Stephen Harris, was first to extend his congratulations to all the winners. He said: "The organizations and individuals who triumphed in these awards are all worthy winners, and I would like to extend my heartiest congratulations to the winners and to those who have put so much work into each winning submission.

"These awards were independently and expertly judged solely on the basis of entrants' submissions and their response to a number of specific questions, which were answered by focusing on the client experience rather than purely quantitative performance metrics. That is a unique, and I believe, compelling feature. These awards recognise the very best operators in Swiss wealth management, with 'independence', 'integrity' and 'genuine insight' the watchwords of the judging process – such that the awards truly reflect excellence in Swiss wealth management."
